TUESDAY, JUNE 1, 1875.

BUNKER HILL CELEBRATION.

The battle of Bunker Hill celebration, on the 17th of June, will, without doubt, eclipse all other centennial observances of the year. The most careful and elaborate preparations are being made, and the military and civic display and ceremonies, will, without doubt, attract to the "Hub" a larger congregation of persons patriotically inspired than have ever before assembled in the metropolis of New England. Of course there will be discomforts to some in such a promiscuous crowd; and of course, there will be some excesses and "next-morning headaches," but on the whole the influences cannot fail to be beneficial by bringing us into a nearer and more real communication with the patriotic spirit of that heroic period of our history, when men of genius and capacity entered the public service with a sincere desire to aid the Government, rather than with sordid calculations as to how much they could steal. We are informed by one of our Eastern exchanges that the "Washington Light Infantry," of Charleston, South Carolina, has accepted an invitation to participate in the Centennial Anniversary of Bunker's Hill on the 17th of June, carrying with them the "Eutaw battle flag," of 1776. Also that two ex-Confederate companies from Virginia will be present. This is a good omen; and will be one of the most pleasing and patriotic features of that celebration. The military co-operation of the North and South—the mingling of "the Blue and the Gray" on that anniversary will be an act worthy of everlasting record. Let them come, the veterans of South Carolinia and Virginia, the bugbears and hobgoblins of "the Rebel yell!" Let us reach out our hands cordially and fraternally to these soldiers of the South, burying all animosities, forgetting the past, and harmonizing in brotherly reunion and patriotic devotion under "the old flag" at Bunker's Hill.

"Peace hath her victories,
No less renowned than war."

PLUNDERING THE NATIONAL TREASURY.

The Chicago *Inter-Ocean* says: It is now ten years since the close of the rebellion. During that time millions upon millions of dollars of claims for property taken and damages sustained have been presented to the government for payment. Some of these have been just and equitable, and have been paid. Others there are, no doubt, still remaining unsettled which are also meritorious, but the great mass are demands of very questionable character, to say the least, and it is time that these were debarred by constitutional provision. We speak of this matter particularly just now because there is a constant tendency to concentrate the enormous political and pecuniary influence which lies behind these claims in an assault on the public treasury. The recent action of the State authorities in Missouri is an illustration of this. Three millions of dollars, it is stated, have been allowed by the State to claimants, to be paid when the General Government recognizes and provides for the debt. That this forshadows a combined attempt to rob the people of a like amount admits of no question. Other States will follow the example of Missouri, or at least present, if they have not as yet presented, like claims; and it can be easily seen that an amount larger than the national debt can thus be produced as a demand against the United States.

NEVADA STATE NEWS.

Cortez District has so much improved by development of its mining resources as to require a stage line to Beowawe.

The tunnels on the Virginia and Truckee Railroad, says the Gold Hill *News*, are being put in repair. In some places the boards and zinc with which they are lined are getting loose from the weight of the dirt which had caved on them.

A dozen good lathers and plasterers can find plenty of employment in Eureka this Summer.

W. T. Hanford, who for a long time has been the efficient County Clerk of White Pine, resigned that position on Tuesday last to accept a more lucrative seat at the State Capitol.

Constant complaints are being made at Virginia and Gold Hill of the great number of unemployed men that are daily perambulating the streets.

The Carson Mint will be shut down on the 13th of June for the annual clean-up. The interval will be improved to increase the working capacity of the Mint.

The *Reveille* says Austin is the only town in Eastern Nevada that does not claim that it is destined to be "the second camp in the State."

The recent heavy rains have insured an abundant crop of hay in the Humboldt Valley.

The Winnemucca *Register* denies the reported prevalence of scarlet fever at place.

Scarlet fever is very prevalent in Lower Gold Hill at present. Many of the cases are of a malignant type.

From the assessment roll of Storey county for the quarter ending March 31st, we gather some interesting statistics concerning the yield of the Comstock mines, and the cost of extracting and milling. The gross yield was $6,356,049 01; the net yield was $3,392,326 90, and the actual cost of extracting, $3,432,620 29. The number of tons taken out was 148,889. The mines from which the bullion was extracted were the Consolidated Virginia, which yielded $3,908,673 15; Crown Point, $978,697 86; Belcher, $964,232 69; Ophir, $287,458 47; Chollar, $64,138 18; Hale & Norcross, $47,168; Empire, $46,250; Woodville, $16,200; Bowers, $3,700; Express Mill (tailings), $39,579.

The preparations being made for the approaching fair of the Mechanics' Institute, in San Francisco, which will open in August, assure the most extensive and important industrial exhibition ever held in the State. About eighty manufacturing and industrial firms have already applied for space in the pavillion, and 35,000 square feet in the aggregate has been leased.

It has turned out as we expected. The San Francisco papers frothed a little over the Rosener business, and dropped it. The bankers and others who are implicated have so much influence, and their standing is so high that those papers will never stir up anything that would really hurt them.

If we could inculcate the Persian idea that the man, woman or child who plants a tree has done something for the benefit of the whole race, California would become a pleasanter land than it is now. So says the San Francisco *Post*. The same is equally true of this State.

It is now announced that the third Centennial anniversary of Miss Susan B. Anthony's birth will be celebrated next November. Rochester is to be illuminated, and the veteran Susan will exhibit the cradle presented to her parents by her Majesty, Queen Elizabeth.

CARSON AND BUNKER HILL.

The Carson *Appeal* makes a motion for a Bunker Hill celebration in that town. It says:

Some days since we proposed, briefly that we do prepare to celebrate Bunker Hill day in due form. We renew our motion. On the 17th will occur the one hundredth anniversary of that memorable tussle between the Yankees and the Britishers. It was the most famous fight of the Revolutionary War, and we, as inheritors of the priceless boon of liberty et cetera and so forth, ought to celebrate. Let us enlarge a bit: Carson hasn't had a benefit in several years; the coming Seventeenth will afford a splended chance for having one; the proper leverage in the way of committees, etc., will, we guess, induce the Governor and staff and Generals Batterman and Winters to come down here in full feather and surrounded by their staff; our gallant citizen soldiery, the Nationals, Emmets, Sarsfields, Washingtons and so on will only be too glad to come here and parade on level ground: and our enterprising citizens might, could, would and should get up a collation and programme of exercises, some fireworks and a grand military ball to top off with. Why not? Who will move to the front in this matter? We have sounded the tocsin—whatever that is—and now all that remains to do is to stir about, have a meeting, get up a handsome subscription and set the ball in motion. Do we hear a second?

We second the motion. There being no objection, the motion is carried. So ordered.

Mining has its bright as well as its dark side, its encouraging as well as its discouraging features. It must not be expected that every claim will develop into one equal to Consolidated Virginia, which has been feeding the market at the rate of $1,000,000 per month for several months; but there is a bare chance that a duplicate of that mine may be found, and hence the interest attaching to the business. A hopeful feature just now is the increased number of mines which are paying dividends. The list for last month includes nine claims, which is the largest number in some time. As an offset, however, the list of assessment mines is also larger.

Scarcity of Feed.—The White Pine *News* learns from a gentleman who has been traveling extensively through California, that there is great scarcity of feed for cattle, owing to the drought that has prevailed in nearly every part of that State. This will have the effect of sending California stock men to Eastern Nevada to make purchases, and will have a tendency to raise the present low prices of stock cattle.

Robert Wadsworth, who left Lima, Peru, on the 21st of April, and who has worked for Harry Meiggs for years, says there is no truth in the report of the railroad magnate's bankruptcy. The rumor probably arose from the fact that Meiggs had reduced his force of workmen on the different roads, which are now nearly completed. Harry intends to visit San Francisco next year on his way to the Centennial.

Decoration Day was generally observed throughout the Eastern and Southern States. In Arkansas, hatchets were carried by ex-Federals and Confederates and buried on the grounds.

ATTEMPTED KIDNAPING.—A very lively breeze was created in our Chinese quarters yesterday by the attempt of two Virginia City Chinamen to abduct a Reno Chinawoman, on the old charge of larceny, alleged to have been committed in that city last week, when the Reno woman has not been out of town for a year past. They did not succeed in their heinous object, and started to return to Virginia, but before proceeding far were arrested by Constable Barlow and other local officers, on a charge of kidnaping, and placed in the county jail, being unable to give the requisite bonds.

WORTH KNOWING.—Everybody who uses coal oil is annoyed by the frequent breaking of lamp chimneys, and would all gladly be informed how to prevent it. A person who speaks from experience says that the principal cause of the breakage lies in the filling of the lamp. When the lamp is entirely full the chimneys are always more liable to break than when it is only partly full. Therefore, to save lamp-chimneys, only partly fill the lamp.

FOURTH OF JULY.—It is now a little more than a month to the fourth of July, the birthday of our country. If Reno intends celebrating the day, it is high time there was something being done towards it. We know of many who are desirous of getting up some demonstration, but each is waiting for the other to move. Let some one call a meeting for the purpose of getting at the sentiment of the people on the subject.

TAX MONEY.—Now that the C. P. R. R. has been compelled to pay their taxes we move that a vigorous warfare be inaugurated against that miserable piece of humanity, J. C. Lewis, editor and proprietor of that disreputable sheet, the Reno *Crescent*. J. C. has the faculty of being delinquent quite as often as the C. P.

GRANGES.—Lodges of Grangers were organized last week at Janesville and Susanville by A. J. Hatch, of Reno.

THE first currants of the season were received in our markets a day or two ago.

If there is one man above another who deserves credit for making the Central Pacific Railroad pay their just dues to the State of Nevada and County of Washoe, that man is our ex-Attorney General, L. A. Buckner. It may almost be said that he alone is entitled to the credit, though he was ably backed up and assisted by our very efficient and popular Controller of State, W. W. Hobart.

BOOTS AND SHOES, ETC.—It is an established fact that these articles can not be got along without. Hence, it necessarily follows, that in the purchase of them we should not only look to price but to quality, for none of us desire to pay an extortionate price for an inferior quality of boot or shoe. There is no doubt but that John Sunderland can give us complete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.*

DISTRICT COURT.—In this court yesterday Judge Wright gave notice that in July he would issue letters testamentary to Philip Brown, on the estate of N. L. Brown, deceased Court then adjourned till June 9th.

TRAVELING BAND.—A traveling band, numbering six pieces, favored Reno with some choice selections of music last evening. They take up collections as they go along. A new way of earning an honest living.

BAYLES.—Fred. Bayles, one of the most popular Conductors ever on the Central Pacific has again resumed his position on the passenger, between Truckee and Winnemucca.

TOWN IMPROVEMENTS.—Nothing retards the progress of our town. As many new houses are building as ever, and all finding willing occupants.

TO RENT.—Mr. Wm. Hoffman desires to rent his house on West street. A good tenant can make an excellent bargain.

RETURNED.—Mr. Isaac Barnett is again at his accustomed stand. Glad to see the old gentleman back.

A PARTNER.—Since the 10th inst. Mr. Edwin Pierce has been associated with J. N. Jaquish, in the saddle and harness business. Mr. Pierce is a full partner, entitled to half the assets, and chargeable with half of the liabilities.

INTERESTING TO THE LADIES OF RENO AND VACINITY.—The new dress-making establishment opened by the Misses Vance, on Plaza street, opposite the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.*

WHERE TO GO.—Barnett & Bro. should be patronized, from the fact that they always keep a large and well selected stock of the best quality and latest styles of gents' and boys' clothing, etc., on hand. Their dealings are characterized by liberality and fairness and if a customer goes there once, he seldom seeks to purchase elsewhere. Give them a call. *

$55 will buy you a Wilson sewing machine—best and cheapest in America. Terms to suit any and all. Mrs. G. P. Barnett, Plaza St., sole agent for Reno. m13-1m

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters. *

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. SU LEE & Co. *

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs, Millinery and fancy goods of all kinds.

APPLICATION FOR PATENT.

NOTICE NO 270.

U. S. Survey No. 37.

U. S. LAND OFFICE, CARSON CITY, Nevada, April 9th, 1875.—Notice is hereby given that the Willow Creek Silver Mining Company, a corporation, has by its Superintendent Jas. Morgan, whose postoffice address is at Washoe City, Washoe county, Nevada, made application for U. S patent to fifteen hundred (1,500) feet of a certain lode or vein of quartz or other rock in place bearing gold, silver, copper and other metals, commonly called and known as the Union Lode and the Willow Creek Silver Mining Company's claim, Galena Mining District, Washoe county, Nevada, extending fifteen hundred linear feet along the line of said lode in a southwesterly direction from post No. 1 the point of location, and embracing the same with all its dips, spurs, angles and variations with surface ground six hundred (600) feet in width and described on the plat and field notes on file in my office as follows, to wit:

Beginning at post No 1 whence southeast corner of section 12, township 17 north, range 19 east, Mount Diablo Base and Meridian bears south 21½ degrees east, 736 feet, mouth of tunnel bears north 72½ degrees west 1110 feet (said tunnel runs south 22 degrees 3500 feet) and runs from said post No. 1, 1st course north 34 degrees west 300 feet to cut in croppings 600 feet to post No 2, thence 2d course south 56 degrees west, 1500 feet to post No. 3, thence 3d course south 34 degrees east 600 feet to post No. 4, thence 4th course north 56 degrees east 1500 feet to post No. 1 the place of beginning, containing 20 66 100 acres, bearings from the true meridian variation 16½ degrees east.

The improvements made upon this claim by the applicant or its grantors consist of the cuts and tunnel hereinbefore mentioned, upon which they have expended not less than five hundred dollars. This survey was made in accordance with record of location. This claim is bounded by no known claimants. The location of this claim is recorded in Book A, pages 78 and 79 of the mining records of Galena Mining District, kept at the office of the Mining Recorder of Galena Mining District at Reno, Washoe county, Nevada.

THE THOROUGHBRED TROTTING STALLION

RIFLEMAN!

Will stand the present season at Longley's Ranch six miles south of Reno, Nevada, season commencing April 1st and ending July 1st, 1875. Terms of service thirty dollars, payable in United States gold coin, before the close of the season.

Description:

Rifleman is a beautiful bay, 15¾ hands high, and is the handsomest horse and the best bred trotter in the State. He has as much Messenger blood in his veins as Smuggler, the champion stallion of America, that won the Stallion Race at Boston, in 2:20. Rifleman's colts are all very stylish and large and show fine trotting action. I will show his colt Morgan Chief at the next State Fair against any colt of his age west of the Rocky Mountains. I will also give a premium of $20 to the best sucking colt from Rifleman that is shown at the State Fair next Fall.

Pedigree:

Rifleman was sired by the Thoroughbred Stallion Rifleman and he by Imp. Glencoe, dam by Rudolph, out of Butterfly by Sumpter. His dam was the Thoroughbred mare Lady Davis by Red Bill by Medoc and he by American Eclipse out of Miller's Damsel by Imp. Messenger. I have good pasturage at $4 per month for the accommodation of mares from a distance. I take good care of mares, but will not be responsible for accidents or escapes should any occur. No mares delivered until all charges are paid.

A. A. LONGLEY, Proprietor.

ESTRAY NOTICE.

FROM VAN SICKLE'S RANCH, Carson Valley, on Sunday, May 9th, two mares, one a dark brown, branded P on the nigh shoulder, the other a light gray, branded S on the nigh shoulder, estrayed. Any person who will give information that will lead to their recovery will receive a liberal reward, and I will pay all costs of keeping, etc. Address

NEWARK LAND COMPANY.

San Francisco Bay, Alameda County, California.

Title Perfect. Incorporated.

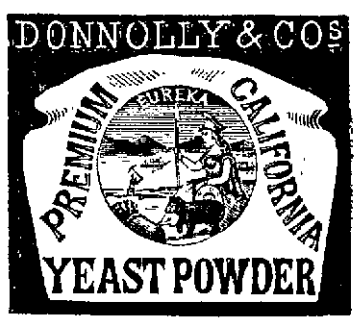

THE NEWARK LAND COMPANY is now in shape; the Guarantee Fund paid in. This Company will be prepared in May to take parties by steamboat and railroad to their town and lands. By reference to the Coast Survey Chart it will be seen that at Potrero Point, in front of Newark, the deep water comes all the way through the channel from the Pacific, with the C. P. R. R. running in a direct line through Livermore Pass, making this the connecting point between all parts of the United States and by deep water to all parts of the globe, and the greatest manufacturing point on the Bay of San Francisco—plenty of water, good climate, excellent soil, and easy communication. Purchasers getting possession can raise large crops by planting as late as July 15th. This company will commence active operation in building soon. For all information, circulars, maps, and subscription, apply at the office of the Company, 405½ California street, basement, opposite Bank of California, San Francisco.

This land will be sold at auction May 22d, 1875, by H. M Newhall & Co. in acres and lots to the highest bidder. Terms at sale. Credit to large buyers. Possession will be given by the 1st of June, or sooner if the crops are off.

Steamer M. S. Latham leaves the foot of Brannan street, opposite the Pacific Mail Steamship wharf, San Francisco, Sundays, Mondays, Wednesdays and Fridays, at 8:30 o'clock, arriving at Newark at 11 to half past 11, according to the tide, giving from four to five hours on the ground. Returning, leave Newark at half-past 3 o'clock, arriving at San Francisco at half-past 6 P. M. The best of Restaurants on the steamer on the New York plan; pay only for what you eat. Breakfast 50 cents. Dinner 75 cents. Fare for round trip seventy-five cents. Stages connect with boat, running to Niles, Centreville, Washington Corners, Warm Springs and San Jose.
